Surgical Instrument Cleaning Sponges Endoscope Cleaning Sponges Sponge Cleaning Kit for Medical Devices and Equipments

The D-Zyme Sponge retains more enzyme detergent than other sponges and paper based wipes.

The all-in-ONE 4 Enzyme Detergent Cleaner is over 4 times more effective than other enzyme solutions, delivering the 4 Enzymes

(Protease, Amylase, Carbohydrase, and Lipase Enzymes) needed to breakdown all forms of proteinaceous bioburden

PLUS the surface cleaning Detergents needed for rapid and effective cleaning.

Non-irritating, 100 % Biodegradable, Neutral pH, and Phosphate free.
